

REMARKS/ARGUMENTS

Claims 19-84, 85-86, 91-93, 95 and 96 are active. The word “solvate” has been removed from the claims. Claim 86 has been amended to refer to the products of claims 19, 22, 23, 36, 47 and 64. No new matter has been introduced. The Applicants thank Examiner Seaman for identifying allowable subject matter and agreeing to consider this amendment after final rejection in a telephone conversation on May 7, 2009. Favorable consideration and allowance of this application are respectfully requested.

Rejection—35 U.S.C. §112, first paragraph

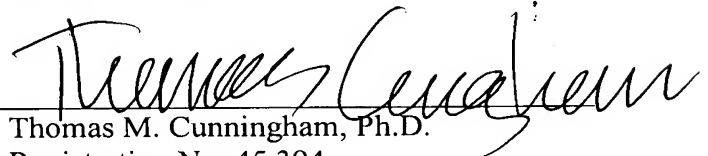

Claims 19-84, 86 and 91-96 was rejected under 35 U.S.C. 112, first paragraph, as lacking adequate enablement for solvates. This rejection is moot in view of the removal of the redundant term “solvate” from the claims. As discussed, the compositions of claim 86 would generally encompass this subject matter.

Conclusion

This application presents allowable subject matter and the Examiner is respectfully requested to pass it to issue. The Examiner is kindly invited to contact the undersigned should a further discussion of the issues or claims be helpful.

Respectfully submitted,
